

Southeast Kentucky Economic Development

HHS Grant Helps Somerset Recycling Services Expand

"SKED has been helpful with low-cost financing for Somerset Recycling and for other companies in their market area. The executive team and staff at SKED are experienced and candid. They are employers and employees too, so they understand business from a corporate and an individual perspective."

The Somerset Recycling Services, Inc. management team is pictured from left: Alan Keck, vice president; Bryan Adams, operations manager; Steve Keck, founder/president and Lee Redmond, human resource manager. Alan Keck and Bryan Adams are also pictured in the inset.

Somerset Recycling Services, Inc. has purchased and processed paper and plastics in Pulaski County for 28 years. Founder and President Steve Keck has steered the business successfully through all types of economic conditions for all 28. With a full-time employee base of more than 100 and facilities exceeding 100,000 square feet, the company continues to find ways to develop and expand to keep and create jobs in Somerset. In recent months, Keck partnered with SKED to finance a new expansion that would create 25 new, technical, full-time jobs in the region. SKED was awarded \$500,000 in grant funds from the U.S. Department of Health and Human Services, Office of Community Services (OCS) to provide low-interest financing to the business.

SKED
A Regional Growth Corporation
